

Bharath M Manoj

Software Engineer

PROFILE

I'm an enthusiastic engineering graduate with profound knowledge of coding and design. Proficient in HTML/CSS, Bootstrap, JavaScript, Python, and Django. I also have some experience in UI/UX design, Android Development, and Game Development. My job is to build your applications and programs so that it is functional and user-friendly but at the same time attractive. Moreover, I add a personal touch to your product and make sure that it is eye-catching and easy to use. I aim to bring across your message and identity in the most creative way.
